EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION

page 19, line 12, the word "ply(fluorene)" has been amended to the word -- poly(fluorene) --.

IN THE CLAIMS

Claims **17-20 and 28-75** have been cancelled.

This application is in condition for allowance except for the presence of claims 17-20 and 28-75 non-elected without traverse. Accordingly, claims 17-20 and 28-75 have been cancelled.

Claim 14, line 2, the words "in claim 1" have been deleted.

The double claim dependency is improper. See MPEP § 608.01(n).

Claim 14, line 2, the word "the" has been deleted.

Claim 14, line 2, the words -- of the -- have been inserted after the word "more".

Claim 21, line 3, the word "in" has been amended to the word -- is --.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims **1-16 and 21-27** are allowable over the prior art of record because the prior art does not teach or suggest a method for the production of a polymer having at least one unit that contains at least one cyclopentanone structure condensed with at least two aromatic rings, the method comprising:

passing an electric current between two or more electrodes immersed in an electrolytic mixture comprising an ester, an electrolyte and an aromatic compound having at least one cyclopentane structure condensed with at least two aromatic rings.

The prior art does not contain any language that teaches or suggests the above. *JP 61-271323* does not teach an electrolytic mixture comprising an ester. Therefore, a person skilled in the art would not have been motivated to adopt the above conditions, and a prima facie case of obviousness cannot be established.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on
